

Intensive English Program

8 weeks, 28 hours/week

Offered by the UBC Continuing Studies English Language Institute, the Intensive English Program (IEP) is a full-time English language program that covers every aspect of English. Students can come for just one session, or stay for longer – our multi-level program ensures that they have new courses and new challenges as their English improves.

Students take placement tests at the beginning of each session to determine their levels in reading, writing and listening and speaking. Then, with the help of a course advisor, they choose a program according to their interests and level in each skill area.

IEP courses are designed to develop comprehension, critical thinking, vocabulary, grammar, presentation and discussion skills, and communicative competence in reading, writing, and listening and speaking.

ADMISSION REQUIREMENTS

Participants must have completed high school and have at least an intermediate level of English.
